Feather River Hospital

As a CAPE (California Award for Performance Excellence) Gold Quality Award winning hospital, we are dedicated to not just extraordinary patient care, but also to meeting the needs of physicians in both their practice and their lifestyle. We offer relocation assistance, an income guarantee, physician participation in policy decision-making, remotely accessible digital imaging, electronic medical records, and library system, and several hospital-sponsored events for the entire family. Our commitment to physicians and staff shows in our low nursing vacancy rate, low physician turnover, and the relationship between the CEO and the medical staff, which 95% rated as excellent.
